

Dear Customer

At Exact Sciences we are continuing to monitor the coronavirus (COVID-19) pandemic.

We want to reassure you, a valued customer, that shipment of samples are continuing as scheduled, and that our laboratory facilities are fully operational and continue to deliver test results.

We will continue to help and support you as much as possible whilst being mindful of the evolving situation. Any appointments with Exact Sciences employees, that you see as important, we are willing to fulfill, without them being face to face.

Additionally, our pandemic response team has been monitoring the situation over the last weeks and continues to meet daily to take actions to avoid and prepare to mitigate risks, and to ensure the health and safety of our employees, whilst delivering the test results patients need.

If you have questions or need assistance, please contact Exact Sciences at 020 3031 8087 or via [email](#), or contact your local representative.

We will continue to keep you informed as the situation evolves. We thank you for the trust you put in us as we make every effort to support you and your patients during this situation.

Kind regards

A handwritten signature in black ink, appearing to read 'S. Ogram', with a long horizontal flourish extending to the right.
